

Share the Freshness Ready to Serve

Helpful Tips and Benefits of Prefilled Communion

The prefilled Communion cup is a single portion serving of juice with wafer that will transform your Communion celebration. This document contains a few basic instructions that will be a helpful overview for first-time participants.

Introduction

Both elements of Communion, an unleavened wafer and 100% natural grape juice, are individually sealed in one cup, ready to serve.

Easy to Serve

Prefilled cups fit in all standard Communion serving trays. Serving time is significantly reduced by this convenient single-pass distribution! Another time-saving idea is to simply serve from a basket at the entry door or hand out cups with the bulletin before service. However you choose to serve Communion, wholesome prefilled cups provide efficient distribution.

Open Wafer

The custom designed prefilled cup has a clear film top that noticeably reveals the wafer compartment. Lift the film to open and receive your wafer. (Hint: Bending the tab downward to snap will release the air tight seal on the film and make the edge very easy to find and open.)

Open Juice

The grape juice stays so fresh tasting because of the unique hygienic seal. Open the cup by peeling back the pre-cut tab on the foil seal to drink the juice.

Communion as a Community

The prefilled cup is suitable for all ages and even Senior participants find the cups easy to open. Coach the members of your congregation to assist anyone in the church family around them that may need a helping hand. This can be a sweet, bonding time and it's what being in community is all about.

Simple Clean-up

Make sure to give instructions on where to place the used containers when Communion service is finished. These cups are recyclable. Based on the extended shelf life, any unused portions can be easily stored for future use.

Good to know

- Available with or without wafer
- No refrigeration required.
- No added sugars, no high fructose corn syrup and no GMOs.
- Made in the USA.
- 100% recyclable plastic cup.
- Freshness date is stamped on the box. Freshness date also displays on the website options.
- Celebrate Communion's prefilled cups are manufactured in a special way to guarantee freshness. Cups are shipped fresh to you from a temperature-controlled, dust-free environment. You'll never worry about stale wafers or spoiled juice again.
- Natural juice product may vary in color.
- Comprehensive testing procedures to inspect every batch will ensure a longer shelf life and quality control for a consistent seal. That means no worry of spills, contamination or waste.
- Prefilled cups are portable. Great solution for on-the-go events, travel Communion for shut-ins, hospital visitation, small groups, large services and increased attendance on holidays.
- Quick, no-mess setup takes the stress out of preparation. Volunteers can relax and focus on the spirit of Communion.

NEW OPTION!

Prefilled cups are now available with white grape juice! (Non-staining.)
