About Us

At Celebrate Communion, we have one focus: Communion supplies. Our commitment is to provide exceptional customer service and quality products. It's that simple.

What You'll Get

When you buy from us, not only will you get your supplies in a timely manner, you'll receive them fresh and *ready to serve*.

The Highest Standards

We maintain the highest standards for storage and delivery, offering a complete line of Communion supplies including cups, trays, breads, wafers and specialty gluten free Communion wafers. Staffed by people who share your reverence and conviction for The Lord's Supper, we personally use our products and proudly promote them to our fellow churches.

The CC family

Celebrate Communion is a knowledgeable team you can rely on for innovative solutions, great resources and excellence in customer service. We are passionate about providing gluten free options to support church members with allergy and health risks and will continue to develop new products to meet those needs.

We are passionate about providing Gluten Free Communion Products

Gluten free Communion wafers

Made to serve church members with food allergies who might not have been able to fully partake in Communion in the past, these specially formulated gluten free Communion wafers come in a resealable jar.

**Other options available on the web!*

Prefilled "juice only" cups

Enjoy the versatility of serving your choice of Communion bread with the benefits of prefilled: easy set-up and no worry of spills, contamination or waste. Individually sealed cups of fresh, 100% natural grape juice are made with strict quality standards on dedicated equipment. Completely protected from cross-contact with common allergens. Naturally gluten free.

Available in boxes of 100 qty. and 500 qty.

Classic Communion wafers and breads

Communion wafers, Eucharist hosts and unleavened bread for your celebration of the Lord's Supper are available in a wide range of sizes, bread-types and quantities suitable to many church settings and denominations.

Helpful Tips and Benefits of Prefilled Communion

The prefilled Communion cup is a single portion serving of juice with wafer that will transform your Communion celebration. This document contains a few basic instructions that will be a helpful overview for first-time participants.

Introduction

Both elements of Communion, an unleavened wafer and 100% natural grape juice, are individually sealed in one cup, ready to serve.

Easy to Serve

Prefilled cups fit in all standard Communion serving trays. Serving time is significantly reduced by this convenient single-pass distribution! Another time-saving idea is to simply serve from a basket at the entry door or hand out cups with the bulletin before service. However you choose to serve Communion, wholesome prefilled cups provide efficient distribution.

Open Wafer

The custom designed prefilled cup has a clear film top that noticeably reveals the wafer compartment. Lift the film to open and receive your wafer. (Hint: Bending the tab downward to snap will release the air tight seal on the film and make the edge very easy to find and open.)

Open Cup

Open the cup by peeling back the pre-cut tab on the foil seal to drink the juice. The grape juice stays so fresh tasting because of the unique hygienic seal.

Bend tab downward to snap.
Film edge over the wafer is
easy to find and open.

Communion as a Community

The prefilled cup is suitable for all ages and even Senior participants find the cups easy to open. Coach the members of your congregation to assist anyone in the church family around them that may need a helping hand. This can be a sweet, bonding time and it's what being in community is all about.

Simple Clean-up

Make sure to give instructions on where to place the used containers when Communion service is finished. These cups are recyclable. Based on the extended shelf life, any unused portions can be easily stored for future use.

Good to know

- Available with or without wafer
- No refrigeration required.
- No added sugars, no high fructose corn syrup, no GMOs.
- Made in the USA.
- 100% recyclable plastic cup.
- Freshness date is stamped on the box. Freshness date also displays on the website options.
- Celebrate Communion's prefilled cups are manufactured in a special way to guarantee freshness. Cups are shipped fresh to you from a temperature-controlled, dust-free environment. You'll never worry about stale wafers or spoiled juice again.
- Natural juice product may vary in color.
- Comprehensive testing procedures to inspect every batch will ensure a longer shelf life and quality control for a consistent seal. That means no worry of spills, contamination or waste.
- Prefilled cups are portable. Great solution for on-the-go events, travel Communion for shut-ins, hospital visitation, small groups, large services and increased attendance on holidays.
- Quick, no-mess setup takes the stress out of preparation. Volunteers can relax and focus on the spirit of Communion.

NEW OPTION!

Prefilled cups are now available with
white grape juice! (Non-staining.)
